

CONFERENCE PROGRAMME

Thursday, October 10, 2019

09:00-09:30	Registration
09:30-09:40	Opening
09:40-10:00	Plenary lecture: Hydraulic Infrastructure and its Sensitivity to the Protection of Areas and Systems from Inappropriate Use and Destruction <i>Branislav Đorđević</i>
10:00-10:20	Short break
10:20-11:50	Presentations
Room 1 Chair: Miroljub Adžić	
<ol style="list-style-type: none"> 1. Implementation of the aspect of environmental protection in all stages of the construction of a building <i>Dragiša Žugić, Marija Žugić, Aleksandra Simić, Jovana Milanović, Bojan Marković</i> 2. Strategic Environmental Assessment (SEA) on Spatial Plans for the Special Purpose Areas- Problems, Conflicts and Their Relativization <i>Marina Nenковиć-Riznić, Borjan Brankov, Mila Pucar</i> 3. The Losing Concept of Singular Urban Trees and the Related Long-term Negative Implications for Urban Greenspace <i>Kiril Sotirovski, Boshko Cvetkovski</i> 4. Poorly Planned and Executed Practices in Skopje Lead to “Constricted Trees” in Urban Greenery <i>Kiril Sotirovski, Boshko Cvetkovski, Pande Trajkov</i> 5. The Illegal Construction as Consequence of Social Deviance or Existential Need <i>Nemanja Šipetić, Danilo Furundžić, Mikana Savić</i> 6. Urban-Planning, Spatial and Technical Documentation, Application of Legal Regulations for Small Hydropower Plants (derivative type)-Bad Practice Examples <i>Ratko Ristić, Ivan Malušević, Vukašin Milčanović, Zoran Nikić, Siniša Polovina, Boris Radić</i> 7. Outdoor Advertising Panels are Taking Over Not Only View to Greenspace, But Greenspace Itself – Skopje as a Case Study <i>Boshko Cvetkovski, Kiril Sotirovski</i> 	
Room 2 Chair: Mirjana Drenovak-Ivanović	
<ol style="list-style-type: none"> 1. Closure of Historical Landfill in Serbia – Environmental Safety Analysis <i>Ana Dajić, Mića Jovanović, Zoran Lapčević</i> 2. Improper Deposition of the Mining Waste as a Source of the Environmental Pollution: Case Study of the Lake Robule (Bor, Eastern Serbia) <i>Srđan Stanković, Dragana Ranđelović, Nela Petronijević, Branislav Marković, Miroslav Sokić</i> 3. Causes and Consequences of Inadequate Biological Reclamation of Mine Lands: Case Study Bor, Serbia <i>Dragana Ranđelović, Srđan Stanković, Tatjana Šoštarić</i> 4. Alternatives in Solid Waste Final Treatment and Disposal in Oil-Petrochemical Complex Pančevo <i>Milica Svetozarević, Marina Mihajlović, Mića Jovanović</i> 5. Cypress Revolution: The Importance of Public Participation in Urban Planning Decision-making Process in Montenegro <i>Milica Vujošević, Sonja Dragović</i> 	

<p>6. The Impact of the Lack of Reliable Data on the Decision-Making Process in the Environmental Protection Field <i>Vladimir Adamović, Tatjana Šošтариć, Zorica Lopičić, Svetlana Polavder</i></p> <p>7. Implementation of Engineering-Geological Data within the Planning Documentation with the Goal to Prevent Mistakes During Planning, Projecting and Protecting the Environment <i>Isidora Vukadinović, Ljiljana Popović</i></p>	
11:50-12:10	Coffee break
12:10-13:40	Presentations
Room 1 Chair: Kiril Sotirovski	
<p>1. Eco-Innovation and Sustainable Development <i>Anita Grozdanov</i></p> <p>2. Environmental and Social Consequences of Climate Change and Adaptation <i>Miodrag Mesarović</i></p> <p>3. Illegal Construction, Poor Planning and Design of Residential Sector in the Republic of Serbia – Impacts on Energy Intensity and Economy <i>Radmilo Pešić</i></p> <p>4. Endangered Urban Tissue in the City of Nis Underneath the Process of Free Economy <i>Aleksandar Jovanović, Milena Jovanović</i></p> <p>5. Critical Review of Current Law on Legalization through an Analysis of Processed Statistical Data of Legalization Department of the City of Belgrade <i>Mikana Savić, Nemanja Šipetić</i></p> <p>6. Recent Changes of Serbian Public Law and its Impact on Environmental Protection <i>Mirjana Drenovak-Ivanovic</i></p> <p>7. Effect of Illegal Construction on the Environment and the Fight for Survival in Times of the Imbalance of Power <i>Nataša Tomić- Petrović</i></p>	
Room 2 Chair: Marina Mihajlović	
<p>1. Flame Visualization for Multi-fuel Burner Emission Control <i>Miroљjub Adžić, Aleksandar Milivojević, Vuk Adžić</i></p> <p>2. Best Available Technologies in Textile Industry <i>Branislava Lazić, Biljana Popović, Snežana Poznanović</i></p> <p>3. Development of Green Chemical Process: The Reaction of Condensation in a Continuous Flow Microreactor System <i>Julijana Tadić, Milica Svetozarević, Ana Dajić, Marina Mihajlović, Mića Jovanović, Dušan Mijin</i></p> <p>4. Advantages of Microreactor Technology over Conventional Methods in Enzymatic Wastewater Treatment - Environmental Application of Enzymes <i>Milica Svetozarević, Julijana Tadić, Marina Mihajlović, Ana Dajić, Mića Jovanović</i></p> <p>5. Photocatalytic Degradation of Methylene Blue by Catalysts Prepared from Serbian Clinoptilolite and SnO₂ <i>Jelena Pavlović, Aleksandra Popović, Nevenka Rajić</i></p> <p>6. Causes and Consequences (Real and Possible) of Disastrous Flood in May 2014 in the Lower Part of the Sava River Basin <i>Stevan Prohaska, Milan Stojković</i></p> <p>7. Are the Tube Microreactors Future of Wastewater Treatment? <i>Ana Dajić, Marina Mihajlović, Milica Svetozarević, Julijana Tadić, Mića Jovanović</i></p>	

13:40-15:00	Lunch break
15:00-17:00	Presentations
Room 1	
Chair: Ratko Ristić	
<ol style="list-style-type: none"> 1. Urban Reconstruction as an Outright Solution to the Legalization of the Illegal Construction on the Example of Altina 2 Settlement in Belgrade <i>Mila Pucar, Snežana Petrović, Sanja Simonović Alfirević</i> 2. Housing in Belgrade Town Center - Twenty Years After <i>Ružica Bogdanović, Ranka Gajić, Svetlana Batarilo</i> 3. Impact of an Incomplete Project on the Environment <i>Branislav Nikolić</i> 4. Impact of Informal Settlements on the Environment in Southeast Europe – A Review <i>Marija Šljivić-Ivanović, Ivana Jelić, Slavko Dimović, Zoran Vujović, Ilija Plećaš</i> 5. The Consequences of Illegal Construction on the Environment <i>Ivana Jelić, Marija Šljivić-Ivanović, Slavko Dimović, Zoran Vujović, Ilija Plećaš</i> 6. Illegal Construction - Individual Benefit and Immeasurable Social Damage <i>Zagorka Gospavić, Branko Božić</i> 7. Social-Ecological Aspects of Irregular Settlements <i>Aleksandar Gordić</i> 8. Generating Heat Islands in the Area of the Realisation of The Special Purpose Plan "Belgrade Waterfront" in Belgrade <i>Tomislav Đorđević , Ivan Potić , Miško Milanović</i> 9. Vernacular architecture in the towns of southern Serbia as a part of modern urbanization <i>Milena Jovanović, Ana Momčilović Petronijević, Aleksandar Jovanović</i> 	
Room 2	
Chair: Aleksandra Smiljanić	
<ol style="list-style-type: none"> 1. Fifty shades of green - Project Management and Environmental Protection <i>Miroslav Janković , Zorana Boltić</i> 2. Integrated Enviromental Management <i>Edvin Tot, Zorica Popović, Miroslava Krnić</i> 3. Risk Management – The Key Ingredient of the Environmental Projects <i>Zorana Boltić, Miroslav Janković</i> 4. A Greener City for Everyone: Case Study – Barcelona <i>Snežana Kecman</i> 5. Knowledge Management in the Field of Environment: Comparative Analysis of SRPS and ISO Standards <i>Miloš Papić, Marija Blagojević, Živadin Micić</i> 6. The Consequences of Reduced Standards in Process of Legalization of Residential Buildings on the Environment and User’s Quality of Life <i>Miloš Nenadović, Aleksandra Nenadović</i> 7. Asbestos in Illegal Construction and its Impact on Human Health <i>Jovana Paunović Pantić, Danijela Vučević</i> 8. Planning and Designing of Mobile Telephony in Order to Preserve and Protect the Environment <i>Elmedin Biberović , Milan Plazinić</i> 9. Study of the Geoeffectiveness of Various Phenomena and Processes in Solar and Magnetic Weather on Human Activity <i>Milena Cukavac, Elra Hasanagić, Spomenko Mihajlović, Luka Popović, Momčilo Milinović</i> 	

Friday, October 11, 2019

09:30-10:00	Plenary lecture: Agile Urban Planning and Phased Housing Construction for Migrating Populations <i>Branka Dimitrijevic</i>
10:00-12:00	Presentations
Room 1 Chair: Mila Pucar	
	<ol style="list-style-type: none"> 1. Environmental Protection in Serbia in the Context of Small Hydro Power Plants (Derivative Type) Construction <i>Ratko Ristić, Predrag Simonović, Vukašin Milčanović, Ivan Malušević, Siniša Polovina, Zoran Nikić, Boris Radić</i> 2. Potential Harmful Effects of Illegal Construction – Related Noise on Mental Health <i>Igor Pantić</i> 3. Technical Aspects Analysis of Final Waste Treatment and Disposal in Belgrade, Serbia <i>Julijana Tadić, Marina Mihajlović, Mića Jovanović</i> 4. Environmental and Health Problems from Electricity Production in Serbia <i>Dragana Dorđević, Aleksandar Popović, Sanja Sakan, Aleksandra Mihajlidi-Zelić, Dubravka Relić</i> 5. Serbian Environmental Protection in Social Media <i>Aleksandra Smiljanić</i> 6. Urbanized Illegal Construction without Expertise in the Context of New Occupations and Environmental Protection <i>Dejan Bojović, Viktor Kobjerski, Miroslav Čantrak</i> 7. Eco-Funds as Prerequisites for a Successful Environmental Policy <i>Radmilo Pešić</i>
12:00-12:20	Coffee break
12:20-14:00	Discussion – Conference Conclusions Proposals Chair: Mića Jovanović
14:00	Goodbye drink
